

God's Vision for the Jews and Israel

Speakers: Sid Roth, Rabbi Jamie Cowen

Panelists: [Dr. Joseph Peck](#), [Dr. Bruce Cook](#), and Bertha Hinson

Joseph: Welcome everybody to [Webinars777](#), life-changing webinars to change lives and disciple nations. These webinars are about experiencing God in extraordinary ways for extraordinary fruit and that includes each one of you.

Today's topic is [God's Vision for the Jews and Israel](#). The salvation of the Jews is the salvation of the world. Today is the 22nd webinar in the Visions777 12-week, 24-webinar series, casting God's visions for the next decade. Today's topic is so important for the next decade and you are going to be learning more about that shortly. These webinars are being sponsored by Dr. Bruce cook and the kingdom KEYS.

Our keyword today is **SUPERNATURAL**. Our key message is **“Jesus was born King of the Jews, died King of the Jews, and will return King of the Jews.”** Our key scripture is Romans 1:16 – **“to the Jew first.”**

Buckle your seatbelts and be ready to be launched into the spiritual heavenlies. God is going to reveal His visions and His plans for the Jews and the nation of Israel for the next decade.

I am Dr. Joseph Peck together here with our two speakers, Sid Roth and Rabbi Jamie Cowen. Our two other panelists are Dr. Bruce Cook and Bertha Hinson.

First, let me introduce Sid. Sid Roth, a former account executive for Merrill Lynch, was raised in a traditional Jewish home. Yet, religious tradition provided no answers when he hit rock bottom in 1972. With his life out of control and his marriage in shambles, Sid was set free from demonic oppression through a supernatural encounter with Jesus. Immediately, he began to boldly proclaim Jesus as the Jewish Messiah.

In 1977 Sid started a ministry called “Messianic Vision” and a nationally syndicated radio broadcast by the same name. But the Messianic Vision is more than a ministry or a program; it is a desire to reach out with the good news of the Messiah, “to the Jew first” (Romans 1:16). This is not just God's historical order for spreading the gospel, but also His eternal spiritual order. When we follow this “law of evangelism,” God opens a supernatural door to reach Gentiles as well. God's heart is to reach all people. His strategy is “to the Jew first.”

Bertha, let me ask you to introduce Rabbi Jamie Cowen. He is a good friend of yours. You had a new TV show in Richmond and he lives in Richmond. Bertha, would you mind?

Bertha: I would be delighted and I am so glad to introduce Rabbi Jamie Cowen who has been such a shining star for us here in Richmond. He is known internationally as Messianic Jewish leader. He has practiced law and has helped so many of the Russian immigrants coming into the United States by helping them get a citizenship here.

When he got started he was in Washington and as Sid had mentioned, they both knew each other there. Rabbi Jamie was a staff in the US House of Representatives as well as chief counsel to a US Senate sub-committee and assistant to the majority wing. He met his wife and they married 31 years ago. He was called to Richmond because he had accepted as what Jesus said as Messiah. He went to the seminary in 1990. I believe it was when you came to Richmond and ask for a Rabbi here at that usually of Messianic congregation in Richmond.

He is the president of the Hope for Israel Relief Fund and there is so much that is being done by that organization that you created to help the Messianic Jewish as they were not being assisted by the funds that were coming from the Christians in the US. They were being neglected and this was your way of being able to help them. I do not know whether or not this is the only one, perhaps there are others as well. But I just admired and respected you greatly and particularly appreciated the manner in which you have helped other immigrants to come in and to be established citizens.

It was my pleasure to interview you and also your associate Paul Classin. I am still looking to talk with you further with regard to visit to Israel a few weeks back and to know what the status that you found there was. Welcome Rabbi Jamie Cowen. We are excited to hear from you.

Rabbi Jamie: Thank you, Bertha. That was very kind.

Joseph: That was a beautiful introduction Bertha and you know him very well and you loved the Jewish people and the nation of Israel that is why you are on the webinar here. Before you say your prayer Jamie, I will just invite Dr. Bruce Cook who is the sponsor of this spirit to go ahead and share any thoughts he has.

Bruce: I am just in full great expectation today for the program and what God has planned for today. I just would decree open to heaven and open portal over the call, over the people who are listening. We invite the power and the presence of the Holy Spirit and Holy Angels to be here with us.

Joseph: Amen. Thank you so much. This slide for the opening prayer is actually the photo that I took when I went to Israel at past overtime. This is what I see of Galilee at sunset time and this was passed overtime in 2007 so that is 777 year. Rabbi Jamie will you please bless this webinar, bless our audience with a prayer.

Rabbi Jamie: Lord, we thank you father for the opportunity to share about what you are doing among our people this day, Lord God. Father, I especially pray that you will anoint Sid and myself to share the message that You put in our hearts and the panelists to ask questions that make good insights, Lord. Or any from the audience who want to ask questions as well. We commit this whole time to you, expect for your intervention during this period and ensure Jesus name. Amen.

Joseph: Can I ask something special. Can you pray a prayer in Hebrew or the prayer in blessing from the Old Testament on the people. I imagine you know that Rabbinic prayer.

Rabbi Jamie: The Rabbinic benediction? Do you want to do it now or hear it in the end?

Joseph: Can you do it now as well too.

Rabbi: I just turn in to the Scriptures. **Ibanaka denai da use madaka ya eir danai tanabelaka be konaka. Anabelaka be hassim nakar. Shalom.** As the scripture was ending, the space which says, 'the Lord bless you and keep you. The Lord makes a space to shine upon and be gracious unto you. Lord, that this is countless upon you in giving you peace. That's it.

Joseph: Thank. Sid let us go ahead and hop in to your story. We would like to go ahead and hear your background. What is like for you growing up? How you came to meet the messiah? How about that supernatural encounter? How you this got lit on fire so quickly? How these various ministries have been birth? Where do you see obviously the Jewish people in the Israel going? Let us start with you story.

Sid: In early 70s, I went through an early mid-life crisis. I kind of back up a little bit. My parents are Jewish and my citizenship which the Rabbi's did ask me about that. I was raised in a traditional Jewish family. I was raised in a synagogue. When I got older, I was very turned off with traditional duties and the whole thing was in Hebrew. I did not understand the word of Hebrew. It was just plain boring to me.

I saw a great deal of hypocrisy which was people do not have a corner on the market on hypocrisy. Unfortunately, it is a human tradition. I went searching for happiness. I remember as a young child, do not affect my baby plus year old Duke Chant told me this recently, 'you pretty big kid when you were younger. You could ask questions that will really stunned us like what happens when you die? You were very interested in what was going to happen when you die.'

I never even knew that I asked that question because it is not something that you wish kid dwells on. But I remember as a young child, my parents were into sports. They were poker players. That was their sport of choice and they will be up late at night playing cards and I will be home alone before the movie. I would have conversations with what I thought was myself of what happens when you die. I remember trying as a kid, maybe six year-old, I will try to imagine what life would be like if I was dead. The thought was so objectionable. I did the only intelligent thing that I could do, I stop thinking about it.

In so many years later, I was disciple by a great educational system called television. According to my discipler, television taught me if I will be wealthy, I will be happy. I was basically amount in text so I wanted to be happy so I thought if I need a million dollars before I was age 30, I feel happy. That was my goal in life.

Remember, I blinked my eyes a few times and I graduated college. Blink my eyes a few more times so extraordinary. Blinked my eyes, I had a child. Blinked my eyes a few more times and I was in the account executive that much money. Blinked my eyes a few more times, I was 29 and there is no way. By age 30, I would have become a millionaire so I did tell my self that I am not proud of but I did it. Because this great discipline taught me too that if you are unhappy with your marriage, you just leave your wife. So I left my wife and daughter to reach out.

I went searching for happiness however it is a big out there if you do not know what you are searching. I remember a though that when I got married, maybe I will enjoy this single sparse. To think the loneliest person on earth, they are on the single sparse. Did you ever been to a single spar in the morning when all the lights are on. It is the filthiest and dirtiest place on the world. Who in the right mind would ever want to go there?

So I think we not getting better, they are getting worse. I left my job but I was working in an insurance investment company. One day one of my sales came in to me and said, 'Sid, I have a friend that had not psychic ability and he took up course and now he knows things about the future and I thought a half. Now is my chance to be happy if I know things about the future and I know the things about the stock market, I will make a million dollars and I will be happy. Now that I have great hair, I find out the most important things on life money cannot buy.

We cannot buy a good marriage. We cannot buy children not on drugs. We cannot buy health if you got cancer or tumor on the brain. These are the most important things money cannot buy purchase but I did not know at that time so I took this medication course that is right to the top. Sure enough, it started working. They taught me how to lower my brain waste through mental exercise and invite an imaginary friend into my head. it later turned out and find out that that imaginary friend was the Bible refers to as a

familiar spirit. At that time, I did not know it. Sure enough, this imaginary friend started telling me things that were never programmed into my mind.

I was very happy because now I could achieve my lifetime goal of being a millionaire before I reach 30. But then I started finding out that power I had topped into have a mind of tone and it was starting to grow. The difference that I would just get the thought is okay working for people but I would like to be a business for myself. I just have this spot and all of the sudden a man comes in my office. I had a **medicap** the times before.

He said, 'sit my partner and I have been observing you. We just started a business here at the base of Maryland that we have extra office space. If you a goal of business for yourself, we will give you a free offers. We will give you a free secretary. We will give you free telephone because we like it.' I thought, 'wow, this power is fabulous.' Then I told him that I just think a thought that I would like to go in a business for myself and boom, look what happened. Why I did not realize that this man had the power of his own god for him. He did not tell me yet at that time. He had given me with word called Born Again Christian.

He literally heard from God and God said, 'you see that prophetic guy over there? a Jewish guy? He does not know his left hand from his right hand. I want you start praying for him to know Me that I have a purpose for his life. I want to offer them this free office. And he is with the craziest businessman that I have ever seen in my life. One of the partners just got back from Israel. He is not even a Jewish. He spent a year in Israel because he said he left the Jewish people, worst than that, he did not even get money for it. Never saw such crazy business man.

The other guy would sit in his desk with a big Bible there, how could he make any money with that big Bible on his desk reading it and then they have prayer meetings and guess who they start praying for? You got it. So I was pretty uncomfortable especially one day, he walks into my office and said, 'Sid, I just about have enough of you. You are involved in spiritual adultery.' I said, 'what? What are you talking about?' He said, 'yes, you said in your own Jewish Scripture. In Deuteronomy, 18th chapter God said, He convinced your involvement in the new age. I said, 'show me.' Let us went to traditional. I went on Deuteronomy for many things. I mean, I read anything in Hebrew, I did not understand the word it said.

Most Christians do not know that they more about the Old Testament than most Jewish people. They just think they do not. I understand the need to open up the 18th chapter of Deuteronomy and certain enough he was right. It said, it is not on premonition for Jewish people to go to fortune teller and psychics, card readers, astrology, and communicate with the dead. These are normal things that we did in the Jewish community. I was kind of

shock that they are imitating God's people deserve of that and it is even coded on a premonition, pretty tough word.

Of course I did weave the tutorial was in God at that time. So it did matter a lot but it matter that enough to get me into the word. So I started reading the Bible a little bit. Then I got the shocked of my life. A friend of mine had called with a familiar spirit. It was more advanced in pace. Is said, 'Asked him what you see me doing. Are you from today.' And he said, 'you know my casper is always been a perfect gentleman. But now, he is starting to curse me and he won't answer that question.'

I thought, 'what a horrible thing. Did his casper see me doing, that was a thing by the way. What a horrible thing that he sees me was doing when I work on the day. He said, 'how are you from that day I was preaching the gospel?' That was the horrible thing. But I did not understand it then I got broken into a round called extra projection when your spirit leaves your body. Then I found out that once you break in to this round, it starts doing it night when you go to sleep and if you ever saw the twilight zone right circling. I mean I have a script but it never has a script, this terrific.

I mean I pictured out my self big bury to life and my spirit went for a walk. It then made an impacted time. I was afraid to go to sleep at night and remember the young kid home alone who is watching himself with God up him from his point. So I put that question on my mind, what happens when you die and that would show horrific to me that I blocked it from my imagination what actually was really me. I did not know what it would be just snapped out. I did not want to see this exist. I had blocked it from my mind all these years.

But now, like was too hard. I was afraid to go to sleep at night. I messed myself up with my family. I messed my self up with my child and now I was about ready to mess myself up with, I believe, God who called to it above the nation. I did not know what to do. I was not even looking for God. Jesus was the last thing as a Jew I wanted to find. But I was really desperate so I tired to get my mind off to things.

I went to a bookstore and I went to the biggest section in the bookstore called New Age. I saw a book that almost like a Champ told me called The Jew, the Bible, and the Supernatural and perfect for me in Jewish. I am reading the Bible a little bit and I am into the new age, into the supernatural. You know what happen? The owners of the bookstore made a mistake. That book did not belong in the new age section. It belonged in the Christian religious section. It was written by a Born Again Christian reporter for the New York Times by McCandlish Phillips.

He said something my Christian friends never told. What he said, it is a combination for anyone to be involved in the new age but it is worse for a Jew because a Jew whether he knows it or not is under a covenant from God. Under this covenant, we suffer more when we do bad things. It then proceeded to list of famous Jewish people that are doing the same thing I was doing. The same thing most of my friends in the Jewish community were doing and they all lost their lives. The one that hit me the hardest was my hero.

There was a group of rock band at that time called the Beatles. The manager of the Beatles was Jewish. His name was Brian Epstein. He had what I thought would bring me happiness. He had fame. He had fortune. He had women. He had everything that would make you happy. The Beatles at that time including the Jewish manager had gone to India. They have their own private groups. They went to the Himalayas. it was talking about this in the past. At that time, only one guy, the Jew, Brian Epstein.

I tell you, I was scared. I was convinced that I had something evil inside of me that was the call said. I was convinced of it. I was not looking for God. I just want to get rid of this demon that was inside of me. I had to do something to get rid of it. I could not live that way. I could not go to sleep at night. I was so fearful when the telephone rang. I would be so startled. I mean I could not live.

I was separated from my wife at that time as I told you. My wife of course was a raised Southern Baptist. When got a call that she has agnostic, atheistic professors so she became agnostic while she used to say 'I could be an atheist because just in case so I called my self as an agnostic. So you might say she was Southern Baptist Agnostic. Then we got married, I insist that she convert to Orthodox Judaism so you might say she was a Southern Baptist Agnostic Orthodox Jew.

I certainly know someone with a background like that knows Jesus. So I called my wife up. It was the worst night of my life. I could not tell her I was afraid to go to sleep. My spirits go for a walk bearing a life. I would be hearing voices. I mean how could I explain that to my parents who gave their life for me. I could not tell them about it. They send me to a Rabbi and the Rabbi sends me to a psychiatrist. Then you do now the profession with the highest instance of suicide with psychiatrist.

I find nowhere I could go but I called my wife and said. 'Joy, pray for me.' I have seen enough vampires. So I knew to go out and find my self. I was not going to find myself across because I was a Jewish. I went out and bought myself a silver message that got a scripture inside and then Jewish people put it in a door posts. I put it round my neck. I took this big chain Bible that I purchased and started reading it. I put it under my pillow. I called my wife and said pray and life was so hard.

I had nowhere to go. I had no one to turn to for help. I prayed a prayer from a broken heart that I did not want to live anymore. Life was too difficult. I prayed the two word prayer. By the way, about there teaser where I prayed a little prayer, someone gave me a little booklet called the Four Spiritual Launch. I have read it and told me I was a sinner. It told me I was separated from God. If I would tell God I was sorry and leave all to Jesus, I will wash away my sins, I would be forgiven and He would live inside of me. That sounds good.

So I set that little prayer and I have seen all sorts of phenomena in the new age. I figured at least I would hear some thunder. At least I see a little lightning. Nothing happens. Now, I know today something did happen but I did not know what it was at that time. That worst night of my life, I pray the prayer. Jesus helped, went to bed, did not care whether I live or die because I figured out I was going to die. My spirit was going to go for a walk except if you are not to start.

When I woke up the next morning, I was alive. My spirit was in my body but I felt something I never felt before. Now, I can never have pain. I never tried my first drug. I have never been an alcoholic. I do not know what these things, the feelings or like in these things. But I experienced fixed, tangible peace. I had never experienced that before. I was so fearful. I did not want to live when I went to dead. When I was in this presence and I knew it was God.

Today, I knew it was pure love. If I wanted to be afraid, I could not be afraid. I knew it has to do with Jesus. I knew that. Then I heard the audible word of God for the first time in my life and this is what He said, 'Return to your wife and daughter. I hate divorce. I did not even know that was in the Torah and in Malachi. I did what He said. I then started studying about the prophecies in the Enoch about the Messiah and I find hundred of specific predictions proving Jesus was the Messiah. I became convinced. God restored my mind. God restored my health. God restored my marriage.

I have been married over 40 years. I have daughter that is married. I have three grand daughters. I remember my immediate family as a believer in the Messiah. I am one grateful one Jewish man. If the experience that I have with the Lord was just what I said which was about 40 years ago even if I read all the prophecies about Jesus being the Messiah, I might begin to dealt that experience after 40 years but I can tell you my walk with God is so intimate and so personal that he is more real to me today that He waste those 40 years ago. That is the brief version of my story.

Joseph: Thank you. What a beautiful story and I can sense a lot of people can identify what you have shared. Rabbi Jamie, I did invite your comments right now with what just shared

because I am sure you can see a lot of people on the similar situation in doodling at new age and other cultured practices.

Rabbi Jamie: Sid, I remember too. There was a book; I think it was written either in late 60s or early 70s called *The Bible, the Supernatural, and the Jews*. It was just relevant. I think today was almost back then but just showed many Jewish people because they are searching for something. they do again involve in all kinds of causes whether following Eastern religion meditation for New Age where a lot of big social welfare causes like New American celebrities Union where even the Gay Rights Movement and Animal Rights Movement. I mean Jewish people are always looking for something. I think there is a lack of satisfaction and Sid's story tells it. He found it.

Sid: Jamie, one of the things I find very interesting is right within Judaism, we have an accepted new age called Capawa and most people think that it is Jewish in very famous movie stars go to Capawa centers now. And what they do not realize is Capawa is a mixture. It is Jewish but it has Hinduism work into it and literally believes in reincarnation. Of course, Judaism and reincarnation are mutually explosive because in Daniel in the 12th chapter says [when you die, that's it. those are buried on the dust, some shall rise to everlasting life.](#)

Everlasting means you do not come back to live or some to everlasting condemnation. In effect, when you die, you either go to heaven or you go to hell. In the book of Hebrew says you live once and then comes the judgment. Even in Judaism, it is acceptable to involve in the New Age.

Joseph: Thank you for sharing that. Sid, share us briefly about Messianic Vision. You started with the Nationally Syndicated Radio Broadcast and then eventually grew to add the television that is supernatural. I love the guest that you have in there. I have seen you have Mark Virkler on there recently who is someone that I know personally. But you have some extraordinary people that are experiencing God in extraordinary ways. Share about just the birth of the radio ministry and evolving into TV too.

Sid: Well, I can tell you as a fact that the most significant things I have ever done for God, I had fortunately nothing to do it. Nothing. As I looked back, one of the good things about the Jewish believer is you can transcend denominations, charismatic, and non-charismatic. It separates it can give us past because we are Jewish but it seems as though whoever leaves us to the world that's what we become. If the Catholic leads us to the Lord, we become Catholic. If the Baptist leads us to the Lord, we become Baptist. If the charismatic leads us to the Lord, we become Charismatic. If the Evangelical leads us to the Lord, we become Evangelical.

Fortunately, lead me to the Lord and immediately He told me I could speak in a supernatural language. the good thing is everyday, per hour is a new believer I spoke in super natural language. I believe that I prophesized my destiny otherwise I would never be doing what I am doing today. When I got in to radio, I was working as a volunteer for a wonderful man of God who is now in heaven, **Nelly Bropen.**

We started a radio show in and he wanted me to be an announcer and I said, 'absolutely not. I do not want to be behind the microphone. That is the last thing that I want.' He insisted and said, 'I do not care whether you are good or not. you know more about it than anyone. you have been disciple by me and so you do it. I did a kicking and screaming but then it got even worse. Every time he had to do or tell a radio show, he was busy and I had to do the interview on the radio show. Again, kicking and screaming, I took the interviews and I found out I had a gift. I would have never in my million years knowing that I could be behind the microphone. I was afraid to do that.

I started my own ministry and the rest is history. For many years, there is a large number of radio stations. Same thing happen with TV, I did not want to be on TV. But a woman, a Jewish believer as a matter of fact from Canada called me on the phone one day and said, 'Sid, I just deposit a \$25, 000 in a Christian television network in Canada. I wanted to bless them and bless you. I gave them \$25, 000 and you have \$25, 000 worth a credit to do a TV show.

Of course, before I needed to tell her I did have a TV show and I did not want to do a TV show and then she hang up. The rest again is history. Now, we are all over the world on television. I would say that the most significant thing I have done came from a dream in which God came to me and He said that I would reach more Jewish people through this book which He told me what to do than anything I have ever done. I immediately wrote the book. The book is called They Thought for Themselves. It is ten Jewish testimonies which one is my testimony and worked into the story line is enough scripture to get a Jewish person saved. We have also one million in print with systematic, we mail. It is in eight different languages now.

We systematically mail this book to Jewish households in the former Soviet Union. Only that, we have not record how many Jewish people have come to the Lord through this book. Just recently, God has told me that this is His time for American Jews that we are at the fullness of Gentiles age. One of the signs of the fullness of the Gentiles age is says in Romans 11:25, **Partial blindness is happened to Israel until the fullness of the Gentiles comes in.** I believe we are at the moment right now in history in which God is removing the spiritual scales once again.

When I was a new believer of the Messiah, people like Rabbi Jamie Cowen and myself and many others came to the Lord. But it is kind of prose but I believe I know what I believe. I know that this is God moment to have mercy on Jewish people. I have a bit of understanding of theology that I actually have never heard preach anywhere else. I believe that is very Biblically sound. But it is not your typical left behind series. The theology primarily comes from the New Testament and the Old Testament in this ninth chapter has an amazing revival that it describes the revival of the world never seen.

It says that there will be such a harvest that from year to year the fruit will decay because we cannot do it in time. There will be such a harvest but it has never been a harvest like this in history. But it says that this harvest is going to come when the Tabernacle of David is restored and this harvest talks about the Gentile reap harvest. When is this great Gentile harvest going to happen that there will be so much fruit, we won't be able to harvest it from year to year. It is going to happen when the Tabernacle with David is restored and the key and the clue that I got was that the word Tabernacle in the Hebrew means house or family. Who is the family of David?

The family of David is the Jewish people. When the family of David is restored, it will be the greatest Gentile revival in history. I am looking for a great Jewish revival which will be the catalyst for the greatest Gentile revival in the history which will be God's mercy on people, just people are the rupture. I know that what the Bible calls, the fullness of the Gentile age as mentioned two times in the New Testament.

The first time it was mentioned is in Luke 21:24 in which [Jesus says Jerusalem shall be taught down by the Gentiles or be in Gentile possession until the fullness of the Gentiles comes in](#). I absolutely believe that the first time has happened. In 1967, Jerusalem was in Jewish position for the first time since Jesus fed back. Jesus said that the fullness of the Gentiles age will be when Jerusalem was in Jewish possession. Well, that happened.

The other clue is from Paul in Romans 11: 25, partial blindness has happened to Israel until the fullness of the Gentiles comes in. If we see Jewish people coming to the Lord, we know that that partial blindness has ended and Jewish people are beginning to see Jesus. Let me just tell you a little bit of the fruit that is going on. I went out to [Bright New Beach](#) at New York last year. I rented a secular theater. I advertised in the Jewish community. I got over 400 plus Jews to come to where I lecture on the Supernatural.

Without exaggeration, in the middle of the lecture, a woman in a wheelchair gets up and starts walking. You should have seen what happen to these 400 plus Jewish people. They went slightly shocked. They were excited. They attended the woman on the wheelchair goes to the microphone and says 'I have never seen this woman walked before.' Without exaggeration, the majority that Jewish people there made professions of faith and I did it

in conjunction with the major Messianic Jewish Congregation there. Then they followed up on these Jewish people.

Then I thought what would happen, these are Russian American Jews. What will happen to American America Jews? So I went out to Oxnard, California, a sober of Los Angeles and I did the same thing. Hence, over 400 American showed up to Elixir. No one says in scripture of the Jewish people, we have zeal for God but not according to knowledge. That is correct. If you looked in the cults and occults group and the new age group, the leaders are Jewish people. We have sought zeal for God but not according to knowledge. So we settle for the cheap counterfeit rather than the authentic because very few, I think like Bill Brites that some like 2% of Christians witnessed these people. I think he is exaggerated. I did not even think it's 2%. And then knows that are witnessing the people, how many are witnessing to Jewish people. It was very, very few.

In Oxnard, California, 30 of these American Jews stood up in the public professions of faith. I have done these lectures all over the United States. Now, we have campaigns that were mainly two million of my books that God told me to write. They taught for themselves with the ten Jewish testimonies to two million Jewish households in America with prayer for each one of these Jewish households for their salvation. How many Jewish people have people training intently for their salvation? Not that many. In the eye it, a very big no in one Jewish talk comes to the Lord unless someone praise them into the kingdom.

With this campaign we have now raise the money and we are in process of mailing. We have mailed over 30, 000. We are closed to 4000, 000 right now. The money came in for 400, 000 but I sense an urgency to mail two million of these. Let me tell you about a rabbinical student that sent me an email couple of weeks ago. There is just poor young temple as a matter of fact. He said, 'Sid, I just got a hold of your book and I just read it and this is an Orthodox Rabbinical student and she strive to study to be a Rabbi. He said, 'I read your book and I am convinced that you assure that Hebrew for Jesus is the Jewish Messiah but I have a problem. I love my community. I love my people. I want to be a Rabbi. This is my whole passion in life and even though I am convinced that Jesus is the Messiah, I do not know what to do about this. If Jesus talks about, He says count the cause.'

So I said to the Rabbi, 'look, Rabbi, tomorrow is a young templar. You are going to be praying in passion. Why don't you pray in passed only God can give you answers like this. You already have the fact. You are already convinced that Jewish is the Messiah.' So he said he would do it. Then I talked to him shortly there after and offer the telephone. I let him took the word. I prayed for him to be filled with the Holy Spirit. He started

speaking in supernatural languages over the telephone. This is God's moment to reach Jewish people with the gospel. I am doing everything.

I did not believe I was God first choice to be doing this huge campaign but so few Jewish. I have a problem, most of my Christian friend that love a Jewish people seems to love their Jewish shrimps more than the Jewish people. They seemed to be preoccupied with the sky rather than the soul that send it shall be separated from God forever. There is really heaven. There is really a hell. As a matter of fact, the highest call on the Kingdom at this moment is being a Gentile Christian. Why do I say that? Because Roman 11:11 says, [Salvation has come to the Gentile to provoke the Jew to jealousy and more Gentiles moved](#). By the way, I think it is very difficult to reach Jewish people to be real apologetics and that is the best system we have.

I believe Billy Graham did a wonderful job but he used apologetics with Jewish work and it did not work. They put appeal but percentage wise they won't way Jewish people had zeal for God but not according to knowledge and we require. This is in scripture in New Testament says that Jew requires a sign. We, Jewish people are created for signs and wonders. I believe that Gentile Christians want to reach Jews. Some of them did not even know this yet. All of a sudden miracles are breaking out in the church and they did not quite understand why.

This is my scenario. This is a short story of what I have studied all of these years. I believe this is God's moment to have mercy on Israel. I believe that Gentile Christians are being equipped with the best way to reach Jewish people with the Gospel, signs, and wonders. I believe that as gentile Christian reach Jewish people with the Gospel, this will be the catalyst of what Paul would be site himself in a piece since the second chapter describe it.

He said that the reason that **Messiah** came to earth was the breakdown of the middle wall separation between Jew and Gentile to form and it's a mistranslation in the English but in the Greek, tough man is not new man. In Greek, it is one new humanity. It is one new specie of being. Then the last sentence in that same chapter that when this little wall separation between the Jew and Gentile comes down, it is only specie saying that Jewish believer is incomplete without the Gentile believer in Jesus. And the Gentile believer of Jesus is incomplete without the Jewish believer in Jesus.

On the second chapter of Ephesians, it says that when these two people groups come together, it will be the full dwelling place of God in this spirit and we are going to have strategic outpouring of God's spirit. When Jewish people come to the Lord that it will cause what Ames has described as the greatest Gentile revival in the history. So I sense in urgency to reach Jewish people with the Gospel that is why we are talking with what I

consider as a very important foundation. The first part of that foundation is prayer which I presumed I already purchased the names and addresses. I just had a major news paper in the United States.

A reporter called me just this morning and he said that the reason I Am calling you is I got your book in a mail. He is a Jewish reporter and said, 'we would like to do a feature article on what you are doing but if I can get prayer for two million Jewish people by name. If I can send them this book of things they have never seen in a very interesting manner because it is testimonies versus teaching, amazing stories, holocaust survivor, there was paralyzed in the waist down, God instantly healed in the name of Jesus, a concert vanish.

All make a millionaire, a PhD, a dozen somatic languages, all Jewish people from all these walks of life that have thought of themselves have come to know Jesus as Messiah. I can get that book in their heads. If I can get prayer by name and then I can top Christians moving in science and wonders start witnessing to their Jewish run and praying for them to be physically healed. We will get those Jewish people to form the one new man to have the greatest Gentile revival in history and then Jesus will return.

As a matter of fact, he made it even more specific on that. He says I won't return until the Jewish people say, **Hababa shema denai**, Bless those who receive and comes in the name of the Lord. That is a short verse of what God said that we might do. Those were some answers that you have questioned some minutes ago.

Joseph: I just love your passion and the excitement. The word I heard for you is fun. you are just having fun doing what the Lord asked you to do and you also have compassion. You just care about the people coming into their own fullness in their relationships with the Lord. Bruce, I would like to hear back from you with what you just shared.

Bruce: This is amazing. I was just thinking about what Sid just said earlier about his background that he took banking and worked at Maryland. I did not even have the interest in doing the radio to get this started in media. This is often the way God works. There is also a serendipity that happens sometimes in life. We moved from a career occupation into a destiny. So we have the convergence of passion timing character and always seem to tell them together for what is happening inside the ministry.

God knows the timing much better than we do. He knows why we are created. He knows our purpose and why He has put us on earth for such a time like this and then the fullness of time for each person's destiny. I just really set the heart of them over the evangelist and really the heart of an apostle, someone who is called to reach those who get loss.

I have the honor, pleasure, and privilege of traveling in Israel twice now and I really have powerful encounter with the lord both times that I have been there. I have many friends in Jewish and I have done businesses in Israel. I just really admire what you are doing Sid. Obviously, what your work plans for your new ministry to the timing of the Lord because the historical time clock is not the authentic counter which stops in 2012 which is in Jerusalem and then at Israel. As we see these things happening everyday in the news then we can aware that God's timing and god's calendar. The scripture says that many prophets, many apostles, many of the Bible to see the days that were seeing now and we were living in. To be used by God to be part of this time as part of Evangelism is a powerful thing. So bless you Sid.

Sid: I tell you what; I did not want to do anything else except to be in the harvest. I just interview that guy that I have 23 minutes. He was a solid citizen Gentile Christian. I mean impeccable reputation. He had never drunk, never had drugs, never had mental problems, and God chose him to have him actually have a visitation to hell. When he went to hell, God blocked the fact that he was a believer. He wanted him to really experience what hell was like. This is an effective hit on him. He said, in the past he wanted everyone saved but he did not do anything about it. And de did not have much passion or compassion for people until he experience the reality of separation from God with internal turned.

He says, 'I must share Jesus with people. I know what is going to happen to them. I have seized a compulsion to do it. I pray that every person would have that experience or somehow the Christians will get out of their apathy and fulfill. have you met a Christian that says, 'I wish I knew what God wants me to do. Why you are looking for some abstract thing when you are not doing what is written in the word of God. The word of God in Romans 11:11 say, [Salvation has come to the Gentile Christian to provoke Jew to jealous. Go do it.](#)'

Joseph: Amen beautiful. Rabbi Jamie, your comments.

Rabbi Jamie: Yes, I think it an exciting time to live because of the time that Lord has set for the real awakening of the Jewish people to come back to the Lord as well as go back to the land. It is just a great time to be alive and see what God is doing.

Joseph: Amen. we will hear from Bertha later but I want to ask you Sid, what is about to happen in Israel?

Sid: If I see it Biblically, I can tell you exactly what is going to happen to the Israel. But just my sanctified intellect tells me that Israel is going to have a major battle on a chance. Two major battles. One major battle would be various nations that hated are going to attack it.

Israel, since modern day, has been in existence. Israel is going to in. My concern to be quite candid with you is not Israel.

My concern to be quite candid with you is the United States of America because in last there is a moved of God spirit in the white house in this administration. I am very pessimistic. I have a friend that has done research on every administration since they have been keeping records has done something against Israel and they have suffered what the world calls the natural disaster: start market crisis, hurricane. As a matter of fact if you go to the team of website, nine out of top ten economic disasters since they have keeping records, also within 24 to 48 hours of going against Israel.

It is interesting to me in the third chapter of the Prophet Joel. It specifically says the major sin of judgment that will occur to a nation in the last days will be one specific sin. Now if I was God, I will probably pick the bunch of it but He says there is one specific sin that will cause the judgment of God to hit that nation. What He says and you rated yourself in the thirds chapter of Joel is the biding of my land.

His vision is not what the Bush administration tries to do, what the Clinton administration try to do, and now what the Obama administration is trying to do. I am not concerned without the survival of this Israel because the God of Israel need to squanders or sleeps but I am concern about the survival of the United States. I have to meet many prophetic friends of mine. They said God has showing that recently that if the United States is instrumental in dividing Israel which God calls, the biggest sin that will lost his judgment in the last days if the United States is involved on that then the United States is going to be divided.

How will be the United States be divided? I think if you read the newspaper, you will see what is going on. It will be divided racially. It will be divided politically. It will be divided morally. And I believed it will be divided physically. I believed that there will be an earthquake that will separate this country in two. If there has ever been a time to pray and my prayer really is not even about this. My prayer is that the administration has an encounter with the living God. I do not care what you call yourself. Your actions speak louder than your words. I believe that this administration whether they call themselves Christians or not, need an encounter with God.

Joseph: Amen. I certainly second that. What a powerful message and I agree with you too that the judgment comes after very swiftly when any nation tries to divide the land of Israel. Sid this has been enjoyable. I want to stick away and have to move on with Rabbi Jamie. He has an outstanding presentation. We will definitely like your feedback on that. You can hang on. And a good feedback from Bertha and Bruce too. Go ahead Bertha.

Bertha: I want to thank him for pointing out the fact that it was his desperation that led him into finally having a relationship with the Lord. What he has said about Israel of not having a concern about it is so true according to the scripture. But according to what the spirit of the Lord is revealing to His prophet and many, many believers across the world that a miracle is not to be so fearful.

The thing that is destroying this nation is the fear that has come in there by all the politically correct and the administration is no problem for God because God can control any men and turn his ways and the thing it is if we tell the people. You do not need to be afraid. Just ascertain to know the love and the messiah so are we to know the love of Jesus Christ. He is not about to let this nation go down. There are many people praying. We are gathered together and crying out to the Lord. He is answering us.

There are things happening all over that this nation is one that will not go down. All we need to know is how much God loves us and that we are praying, He is so listening to His people that are calling out to Him now. There is not anything that this administration has done that cannot be corrected. Sid, I thank you so much for pointing out that it was your desperation. What this administration has done is to put desperation into the hearts of people in this nation that they will pray and bring the love of God down.

Joseph: Powerful Bertha. Thank you so much for sharing that very timely. Well, Rabbi Jamie, we would like to go ahead and hear from you about the past, present, and future of the Jewish people.

Rabbi Jamie: Sure. Thank you Joseph and Sid. I believed that have shared this for a number of years that the greatest testimony to god's existence in the world today is the existence of the Jewish people in the nation of Israel. This is mainly because we can all argue about the resurrection of Jesus and so forth which I believed in but you cannot argue about Israel existence in the fact that God has fulfilled numerous scripture which are apparent in any newspaper that exist in the world today.

What I would like to do is I have a series of slides here and just going through, some of the early prophesies in the scripture both testaments and then going through a series of maps of seeing how whether Jewish have gotten back to Israel. Time scripture is kind of wrapping it up here. To the panelist, just jump in if you want to make comments or have a question because there are a number of slides and I might not remember them all.

I want to begin with a text out of Ezekiel 36 as what you see in the screen here. Ezekiel is the prophet during the time of the first battle in exile when the first temple was destroyed. He lived in Babylon and like all of the prophets of the Hebrew Scriptures, he had three

primary messages. One is repentance. Second is judgment, if people do not repent. Finally third is restoration when the people turn back to the Lord.

In this particular text, we can read here from Ezekiel 36:24, *For I will take you out of the nations. I will gathered from all the countries and bring you back in to our land. I will sprinkle clear water and you will be cleaned. I will cleanse you from all your impurities, roll your idols. I will give you a new heart and put a new spirit in you. I will remove from you a heart of stone and give you a heart of flesh. I will put my spirit in you and move you to follow my decrees. Be careful to keep loss. You will live in the land. I gave you forefathers and you will be my people and I will be your God.'*

Ezekiel wrote this around the year of 580 B.C. This was again when the temple was destroyed with Jews were taken to Babylon. But noticed what he says here in the text that at some point he is going to bring them back. After he brings them back, He is going to cleanse them. he is going to make them right with himself.

What is interesting is looking with the prophet Jeremiah. Jeremiah was a contemporary Ezekiel but he lived in Israel had said that the exile would last for 70 years and then the Jewish people would be brought back. it is true, they were brought back but only a very small minority thought of maybe at the most 10% of the first that were exiled in the Babylon actually came back at that time.

The fact that this scripture was not really fulfilled until the early year. I see a similar text from the words of Isaiah Jesus in Like 21 with Sid quoted earlier. At the end of his ministry, he is talking about the fall of Jerusalem here and he says that the true son will be surrounded and will be overtaken ultimately by the ruler becomes by the Romans but by the Gentiles on what He says. It hits here in verse 24, *They will fall by the sword of we taken as prisoners to al the nations and Jerusalem will be trapped about by the Gentiles until the times that the Gentiles will fulfilled.*

The idea here is that according to what Jesus said is that the Jews will be taken as prisons to all the nations. I just want to emphasize that phrase 'of the nations.' It becomes a very important phrase later in Jewish history but what is happening here pushed Jesus to set dozen in resurrection around the year 30s and then in the near 70s, the temples destroyed by the Romans and the Jewish people were taken as prisoners as it says.

What is interesting is even to this very day in Rome, if you go to the city of Rome, you will see in the ruins the arch of Titus. Titus was a general that overthrew Jerusalem, you will see the paint carrying the Jewish people out as prisoners literally in fulfillment of the text that Jesus spoke about it and moved out to pretty one.

In this particular map that you see now in your screen, I am showing this because I want to go back to the battle learning period which was the destruction of the first temple because I want to show you when the Jews were exiled. As Jesus said, they will be taken as prisoners to all the nations. So in the early years, Babylon took the Jewish people and brought them in to that purple area. So you can see the purple area in the map that was a Babylon in Empire. And then later, under the Persian Empire which was kind of feminine color but the red outline was really outlines the founders of the Persian Empire.

When Persia overthrew Babylon in the early 500s and continued for another 200 years, the Jewish people began to spread throughout the Persian Empire so this was the beginning of the Jewish diaspora that went ultimately to the Turkey into what would later be known as Southern Russia long has been seen. And then Far East towards left would be Pakistan where there was Jewish outpost in the Persian Empire.

The point of this is showing just as exactly the scripture said that the Jewish people will be taken to all the nations. Next slide says picture of the Jewish community in the 1st Century which is the Roman Empire now. What I want to highlight here, very interesting is the purple areas on this slide is the areas of the large Jewish communities of the 1st Century. This is Jesus' spirit and so you will see that the largest communities were Northern Africa, Egypt, Israel, Palestine area, Syria, Turkey, Greece, and then Southern Italy. This is where the Jewish people lived predominantly.

It is actually comprised, believe it or not, about 10% of the Roman Empire Jewish populations. A very, very large community and this is the community that the apostles went with fortitude. For those of you who are familiar with the parts of the New Testament, you will know that Apostle Paul went to areas of Syria which is up above Jerusalem then Turkey, Greece, and Rome. In other words, he went to the areas where there are most Jewish people. In the book Acts, they went in the city of God.

If you go to the next slide here what you will see if you look at the green area is the areas that became Christianized by the year 200. So now, it is the beginning of the fourth and fifth centuries so it is like 150 years after the early apostles. What is most interesting here is when you remember the last slide, if you noticed the areas in the green are the areas where the gospel has taken hold. It is all the areas where the Jewish people were. So we got the areas of Palestine, the spheres of seven in Western Turkey, Greece, parts of Italy, and Northern Africa. This is where the Jewish people lived because the people that responded to the Gospel first where large number of Jewish people and the Gentiles that were associated with the city of God in the early century. That is the purpose of that one.

But if we go to the next slide, we see now the rise of the Islamic Empire which starts in the 600. Now, we are in the height of Islamic Empire which is in the 900 and the reason I

bring it up the slide is that I want to show you how the Jewish communities began to spread especially when Islam took hold. You see now Jewish communities all alone in the Northern African boarder now going up in to Europe which had not existed before.

Then interestingly, all the way down into the Arabian areas. So you see down in the Yemen, down into Ethiopia. In other words, the Jewish are beginning to spread to the farthest corners of the earth just as the prophet said and Ezekiel also as what Jesus said.

Then if we go in the Next slide, we are now in the year 12000. Now what you see is there is more Jews now on the Northern portion for the first time including England and then as Far East along the borders of India and then if you will see on the far right hand side of your screen, you will even see a community in the Eastern part of India along here. in other words, the Jewish community are rapidly spreading throughout the world.

Then if you go to the next slide, perhaps this is an interesting slide because what is happening in Europe is that Jews has been barred from living in a lot of this countries so those areas that kind of look like exactable which from Spain, France, and England. So Jews has been barred from living there. They have now pushed out of those countries and now they are spreading further east like into the Poland area and further east in the Asia.

If we go to the next slide which is the same year but it is just an Eastern part of the world. Here, what you are going to see is the line that goes along Northern China is what known as the Silk Route. This is traders that went between the Middle East, Europe, and Asia that participated in trade. Most of those who were in traders were Jews and so if you look along the route here, you will see Chifeng. It is a little city which becomes a Jewish settlement like Chifeng, Yanga, and few other cities in Northern China. All the way down, you will see cities of Malacca which today called Malaysia and IndoChinas.

In other words, the point of these slides is that Jewish people as the scripture says are going to the farthest corners of the earth. If you jump to the next slide which is not actually a map. We are now in the 1900, so we are coming to the modern era and I just want to show you where Jews this time now. What happens is large Jewish community have existed in the Americas for the first time. If you will see the next grouping, you will see down in Russian and so forth.

But interestingly, in the last call of the bottom segment of these columns you will see there are Jews in Siberia, large of number of Jews there. Jews in Sub Africa which would include South Africa which have large Jewish community and then Oceania which includes Australia, and New Zealand. In other words, Jews by this time had actually reached the ends of the earth. Really much like what Jesus said in the beginning that Jews

will take his prisons to all the nations and literally now almost all the nations of the earth have Jews in them.

What is interesting about this before we move on to the next slide is that there is a very interesting story that existed a number of years earlier and it occurs in the years in mid-1600, It is a story about the Rabbi in the Netherlands. His name was Minasabin in Israel who was studying the scriptures and came to the conclusion by setting the book of Daniel that until Jews went to the end of the earth that the Messiah will not come. In Hebrew, the word end for the end of the earth was the same term that the Rabbi used for the nation of England.

In the mid 1600, there were no Jews anymore. They have been barred for 300 years and so what happens is he gets in contact with the leader of England during this period which happens to be all over Cromwell was a very strong Christian and a head of church in commonwealth. The puritans were big into the return of the Messiah. He asked an appointment with Cromwell and no Jews were allowed on the land but he was able to be given permission to come in the land to meet with Cromwell and show him his study and to convince him that the Jews were allowed in to England that the Messiah will come.

Of course in Cromwell, we knew the Messiah will return. What is Cromwell, fights in to the argument in pushing through Parliament the permission that Jews could intimately comeback to England. What is so interesting about this is that even though England really is not the end of the earth because the Jews still have to spread even further. The reality is that England becomes the primary sponsor of the Jewish returning to the land of Israel which then occurs in the late 90 and early 20th century.

We see in the next slide the early palace unsettlement which mostly refunded by the British Jews and by the British Christians most interestingly. This is a great story which I do not have time to go into right now about this whole effort. But you can see this is the early settlements in the Israel during this time. I was near the coast. Let be consoled with the Galilee. You can see by this map by the way that in 1881, when the first Jewish settlement started, there were only 24, 000 Jewish in the land and almost 500, 000 Arabs. By 1940, the beginning there is now 85, 000 Jews and 5, 000 Arabs so Jews started to come out in large numbers.

I want to point your attention on a personal note, you will see the Lake of Galilee on this map here and if you moved kind of little bit until the central part of Israel from the Galilee, you see a little town called Maccabiah which is actually a Kibots in the Northern part of Israel. We just bought a land on there because our plan is to move there in the next year and to that Kibots. That is where we will be living by the way which happens to be

right in where we value of Armageddon. So I tell people that if they want to rent out space to see the final battle in our new home.

Anyway, going on with our next slide here. What happens next is following World War I, the British are the ones who invade Palestine and take it over. Grant Palestine has become the homeland of the Jewish. Initially, that area was considered to be both Palestine and Jordan. That was going to be the national homeland of the Jews.

About 1921, the decision was made by the British to black off the Jordanian side, make that the Palestinian area. The area for the Arabs that lived in the region, that area is called the Palestine on that map was going to be ultimately the area where the Jewish people came. But we can see on our next map here which the UN partition of Israel is and you can see what happens, the British hand over to the newly formed United Nations following World War II.

Now, the Jewish area which is the blue is given farm last land of what they originally promised and the other red areas was supposed to be for proposed area of state which is Epstein because there is the so-called two-state solution which is not something new proposed by Obama or not something new proposed by former President Bush. Originally proposed by the United Nations 60 plus years ago and has never been accepted by the area of nations and about the Arabs that lived in the region and even though the Jews accepted it from the get-cup.

I mean 0you could see what happens but I do not have time to get into all that. Then, following the word independence because the Arabs would not accept this, Israel defended borders conquers five invading areas of armies and was able to get about more than the land than the United Nations was originally willing to grant them. Remember this; the Arabs have agreed there will be across smaller Israel than it was after the war, in fact, even today.

Noticed that Gaza was occupied by Egypt and the west bank was occupied by Jewish, Palestine territories at this point. Following the war, we go to our next slide. We see that Jews began to migrate from all over the earth. They come from a store way as Siberia, Australia, and some area of nations and of course the European nations. It was an amazing story of the fulfillment of scripture just like Ezekiel said that there will be brought back to the land from the four corners of the earth.

In 1967, following the six day war, Jerusalem is now retaking back by the Jewish people in the fulfillment with the words that Jesus said. Then we come up to the next and final map which is near the present day. It is actually 20 years ago. It is the number of Jews in the world today that lived in different regions. If you will look at the number in Israel,

this is a no in 1990s, 4.1 million here, now it is 5.6 million. Most of the Jews that have come back in the last 20 years have come from the Former Soviet Union primarily but also from France and from Argentina and from South Africa. Those in Ethiopia. Those are the biggest numbers that have come in the last 20 years or so.

In other words, just like God said from 2500 years ago that the Jews will spread to the four corners of the earth and withdraw all nations but then he would bring them back and will see it in our day that God is bringing them back into the land. However, the rest of the story is that is just as he said he will bring them back but then you would give them a new spirit.

As Ezekiel said, a new spirit, a new heart, and it would be God who would cause him to keep his ways and so forth. Most interestingly at this date on the early 1990s, there may have been two to three thousand Messianic Jews in the land of Israel at that time. Today, just in the last 20 years of show that has increased five fold, there is now around 15, 000 Messianic Jews in the land of Israel and 150, 000 somewhat Messianic congregation and Jewish people are now coming to know Jesus as the Messiah. In significant numbers in the land of Israel really from the first time since the first few centuries of the modern era.

It is really an amazing time and this is the Israel correct method in number of Jews. The number of Jews in the United States that is probably an inflated figure but today there is an argument as to who has a larger number of Jews whether the Israel or the United States. What I was saying is what the one area of the world where Jews have not returned to the land of Israel is from United States. This goes back to a point what Sid was making during his message and that is what is going to take for the Jewish to go back.

Jews in America have a better than a very had anywhere in the world throughout the world history and including today, they still have it better. In most Jews in America are not religious Jews. They are like seeking the Torah and God says, 'you should go back to where you should go back.' I mean when Jewish people here are going back to Israel, they think they are nuts. And if it got nothing to do with believing the Messiah, how can you put yourself in date or so what. So most of you are thinking that way, so let us going to cross and go back. Well, it is likely likes it was going to be talking that things are not going to do so well in the US.

There could be a time of economic turmoil; we that in recent years of course, that would cause Jews to want to go back to the land of Israel. But then as they go back, God said that He is going to change their hearts. That can happen two ways, one is that He chases their hearts here before they go that is what Sid is talking about. Then come to know the word here where one is going to get that from another word there. This is my concluding thoughts because I know we are running out of time.

The church world has really done a 180 degree orientation towards Jews in Israel in the last 30 to 40 years. The church used to be the primary prosecutor of Jews. Now that evangelical church impart is the greatest transition of the Jews on the world. The nation of Israel knows that and as a consequence, the church world millions of dollars into Israel through various types of television ministries and other kinds of ministries about Christian Jewish ministries.

I hope you understand, the folks who are watching, that very little of this money goes in the hands of Messianic Jewish community in the land of Israel. Most of the money goes into the hands of this secular Israel is work and Orthodox within sometimes in term pushed the Messianic Jews in the land and so the problem is that most Christians take that giving money is doing a good work which I am sure in the humanitarian side, it definitely is. But we formed our own organization for Israel in refund which we talked a little bit about earlier and said by Bertha is that that money now is channeling in the hands of Messianic Jewish community in the land of Israel to do the works of the Lord in Israel including humanitarian projects so that our people in the land will come to know Jesus as Messiah that He definitely cares for them. So that is it for my comments.

Joseph: well that was a great summary. It is the best summary I have ever seen about the history of the Jewish people and we can see the people from the United States have to get over there. We do not know what is going to be but that is very enlightening. Bruce let us hear from you.

Bruce: Well that is fascinating. I am an historian by interesting hypnotic in early history and philanthropy in the world. To see the geographical spread and covering all the major trade routes on the earth, it was pretty amazing with different cultural time periods. When these transitions and migrations happened was also very, very interesting. I have been in Israel and it is a bit, probably, 90% of the people that lived in Israel are trans-secular in the orientation. So it is very men type of culture and society there in present day Israel.

I had just a few impressions. I was getting into the spirit for about Jamie and then Sid. For you Rabbi Jamie, I was hearing God speaks in many different ways at most sincere but I was hearing things about your name and I was hearing the words for you Rabbi just as judicial judge, jurisprudence, jurisdiction, and also comforter and culture and then the word Jews. I grew to see historian as someone who studies culture and history but I see something kind of mantle on you of justice and jurisprudence. I was sensing that the Lord has given you governing authority.

For Sid, I was hearing supernatural realm. Your initials Sid are S.R. Several levitating supernatural realms for you. You are the one who have stories and you also have spiritual

resources that are told by your guests in your program. I just want to share what I was hearing with the Holy Spirit for our two guests today.

Sid: That was very interesting. Using the initials of my name to prophesied. I have across for that anointing. One time the company hired me to pray prophetically and to be in a prophetic screen like an HR person over a 100 people that have applied for job. The Holy Spirit gave me the words of knowledge and it is about details of their history just with their name, now knowing who they are. It is a pretty fast thing that God did.

Joseph: He has the mantle for activation. Bruce, will you please pray a prayer of activation for Sid and for Jamie. Just really said and then let us have Sid say a prayer before it is over. We want to get comment from Bertha. I know she is bubbling over.

Bruce: Thank you Father for our two guests today. We are honored to have both Rabbi Cowen and our Brother Sid Roth on the program. Lord, we thank you. We honor our Jewish Brother in God. We celebrate our Jewish heritage. Lord, the one you man father. Lord we just thank you God that these all comes to the house of Israel. Halleluiah Father.

Lord, we just thank you God that we do provoke our brothers and sisters God to jealousy not by atrocious displays of betonies and all kinds of worldly things God. Things of the flesh and call of nature but on the things of the spirit. God, we are provoked nations to righteousness God, nations to repentance. God through the power of Your Holy Spirit demonstrate through our lives God. Father, we thank you God that the science and wonders follow those who know Jesus. Father we thank you God just like happening in the area of nations.

There have been reports and stories in recent years God about the appearances of Jesus to some. Lord, like for example in the fears of Dike. He was dying in the hospital when Jesus came in and visits him and now he is doing a great work. Father, we thank you God that it all happened in the Jewish world. Father, we invite your Holy Spirit. we invite You to release and dispense angels God as well as messengers to visit the Jews Father, to open there eyes. Remove the veils and the scales from the eyes and their hearts God.

Lord, the skepticism and unbelief and all the obstacles God, the barriers, and destructions that will begin to crumble and the resistance would melt away by the love of Jesus in the lives and faces for those who represent Jesus and by Jesus themselves.

Lord, right now God, we just decree and release activation for both Sid and Jamie God as they are leading and on the frontlines in this part of the harvest field working with the Jewish people God, working in Israel, working in the nations, and sending particularly the book that Sid is sending out to millions of household as millions of Jewish citizens Father.

We decree God a great blessing. We decree, Lord, that when those books are often, when they are touched, even when the package is seen God, on the cover as seen and even before the book is open God that you would attract their attention. There will be a gravitational pull. 'Oh, I must read this book.' 'Oh, I am going to make time and change my schedules to read this book.' Father, I am not aware of all the things that Rabbi countless involved with all of it. I bless as a philanthropist the ventral capital, Father.

I blessed this fund that he is overseeing. The hope of Israel, I believed. So Father in Jesus name, we say blessed them and multiply incredibly from words of incremental to exponential levels of increased. We asked that You would blessed the people and touched the hearts of people. Lord, to give in to that fund. Lord, that there will be wise council around God to be able to invest the purpose of transformation. There will be a generational blessing until Jesus comes. In Jesus name.

Joseph: Thank you so much for that prayer Bruce. Bertha, let us hear from you.

Bertha: I want to thank both Sid and Rabbi Jamie for what they have revealed for us today. The maps that you showed Rabbi Jamie were just a picture for what we had known to be the Israel. From the very beginning, there was just one man Jesus and then it went to 12 disciples. As you showed on your maps the cause of the controversy that the Jews has been the subject of controversy from the very beginning of Jesus' day.

They have scattered all over the world until there was not a nation they could not go to a being. Once they were stopped and were not permitted into some areas then they moved to other areas. What was being seemed to be so negative and destructive for them actually was a blessing because by so doing the views that has scattered throughout the nations of this world.

Now when you come to where we are now with Israel as a nation and America. As Sid said used said there was no concern over Israel because you knew about the word of God. What will be its end and I still say it is because we see the Almighty God that we have. We need to get our focus on Him. What He is able and capable of doing has been exemplified for us. Through the testimony of these two men of God in their walks, it has been out of desperation on the controversy that has led them to be able to achieve what they have done. So let it be for each of us.

If our focus remains on the Lord Jesus Christ there is nothing impossible for him and there will be nothing impossible for us because He will lead us on through that goal just to see what He is going to bring upon the nation of Israel. I am so grateful to have the opportunity to have seen and bend with all of you this day.

Joseph: Amen. Powerful words. Thank you so much Bertha. Sid, can you close us with a prayer and just pronounce the blessing over the people and over the things that have been shared today that people embrace and understand the messages and God's visions for the next decade.

Sid: Lord, bless You and keep You. The Lord calls His continents to side upon You that You will be known as the signing ones. Those that with many to righteousness will stop, shine like the stars forever and ever. The Lord grants this continents upon You and gracious to You. And the words healed your back right down to the spine and stop the pain to being manifested now. Pain is leaving in the back areas and now the anointing is moving into the neck and the pain in is leaving your neck if people do something.

There are some hopeless people listening right now and in Your show it is finished and it showed up in the word of God it is finished and hang top in the word of God. And through pagans, You will inherit the promises . In the name of the *SAR SHALOM*, the Prince of Peace, *Yeshua Hamashiach Tekin*. In Jesus our Messiah, our righteousness. Amen.

Joseph: well, thank you. Beautiful prayer, Sid. I just want thank you. I want to thank Rabbi Jamie for what you just shared today. For your heart and for your prayers. This has been very enlightening for me and I am sure for everyone in our guest who are live and all those who listens to this in some point in the future until Jews has comes back and even after.

Thank you Bruce for your contribution and Bertha thank you. Blessings to each and everyone of you in our audience to understand and embrace God's vision for the Jewish people and for the nation of Israel. This concludes our webinar everybody. Goodbye.
